		\$620.00	\$165.00	73%

As a member of our 40:40 program, you save nearly 75% compared to the usual and customary price for a service. Also, test can be added or removed based on your individual needs. Your Personal MD doctor will gladly help recommend which test are completely necessary.

The secret to these savings is that Personal MD no longer has to make money on the services we provide such as lab work, EKG's, and drawing blood because you are a member.
